MISCELLANEOUS.

THE OHIO DEMOCRACY

Probable Extra Session of Legislature.

A PAIR OF IDAHO TOUGHS

Stopped by a Fighting Saloon Keeper.

A Murderer Escapes from Sheriff.

Brought to a Halt.

By Associated Press.
DENVER (Col.), Oct. 9.—Information received here from Mullen, Idaho, announces the killing of Ed. Stacy by E. A. Davidson. Stacy and his partner, Bassett, figured in nearly all the trouble that occurred at that noted place, Pottsville.

Stacy and Bassett, who have been terrors to Idaho, concluded that they would create a little excitement by robbing every saloon from Pottsville to Sturgis in Montana. Disguising themselves with masks and putting on old clothes they started on their expedition. The first place they came to they only found ninety cents. They then killed the proprietor because he did not have more money. The next saloon they found nine men sitting at a poker game, and, stepping into the room with a revolver in each hand, they commanded all to throw up their hands, which was instantly done. Stacy held his revolver on the man while his partner, Bassett, searched them, getting about \$200.

Crossing the road to another saloon they broke the door down and were going to do up the saloon-keeper, who was sleeping there. Young Davidson was sleeping in the saloon. As soon as the desperados stepped inside the saloon they began firing at Davidson, who was sitting on the bed. Davidson returned the fire and brought down Stacy. A posse started in search of Bassette. If captured he will be lynched.

Ohio Democracy.
By Associated Press.
COLUMBUS (O.), Oct. 9.—Governor Campbell is pretty well worn out with the annoyance and trouble incident to the scandal in connection with the Board of Public Improvements of Cincinnati. Numerous delegations have claimed his attention night and day during the past two weeks. To-night the Governor intimated that unless something of a remarkable character developed to change the course outlined he should issue his proclamation convening the General Assembly in extraordinary session. He will not specify his reasons for so doing, but will make known his wishes in a special message to be delivered after the law-makers assemble on Monday, October 13. The chief point of the message will relate to affairs at Cincinnati, embracing the recommendation that an entirely new Board to control affairs be elected by the people. Whether the probe will be pushed further into political abcesses at other points largely depends upon the disposition of the Legislature.

A Prisoner's Escape.
By Associated Press.
COLTON, Oct. 9.—Sheriff Bailey of Lee county, Texas, arrested Nathan Willett in Los Angeles county, Cal., yesterday, on a charge of committing a murder in Texas seventeen years ago. Bailey brought his prisoner here to escape habeas corpus proceedings. Last night while waiting for the train the prisoner complained of being cold, and requested that the handcuffs

To the Young Republicans of Washoe County.
Notice is hereby given that there will be a meeting of the young Republicans at the Justice Court-room this evening at 7 o'clock for the purpose of organizing a young Men's Republican Club for the present campaign. Every young man who is in favor of good government and wishes to promote the success of the Republican party is respectfully invited to be present and enroll his name as an active worker in the ranks.

Talks About the McKinley Tariff Law.

PUGLISTS HELD FOR TRIAL

The New Governor of Arizona a Model.

Fragments of Gun-Powder Victims Recovered.

A Conscientious Official.

By Associated Press.

WASHINGTON, Oct. 9.—The appointment of John N. Irvin of Keokuk, Iowa, as Governor of Arizona a few days ago, recalls an incident in his experience as Governor of Idaho under President Arthur. He was called home by a death in his family, and remained in Keokuk several months settling up the estate. The Treasury of the United States sent him his salary regularly, but the Governor declined it, saying he had not earned any money from the Government while at home about his private affairs, and sent the checks back to Washington. This presented a new question for the Treasury officials. No one ever made such a complaint before. They did not know what to do with the money. Finally it was placed to the credit of the Conscience fund. This made the old Governor indignant, and he forthwith forwarded to the department an emphatic protest. He was unwilling that any money which he sent to Washington should be placed in the same fund with that surrendered by repentant thieves. Then the amount was placed to the credit of the public debt of the United States. His is the only case of the kind on record.

DEMOCRAT.

GOVERNOR STEVENSON'S WILL

The Document Filed for Probate in Carson.

By Associated Press.

The will of the late Governor Stevenson was filed for probate at Carson before yesterday. He bequeathed as follows: To his sons, Jesse L. Stevenson and Edward G. Stevenson, \$1,000 each; to his grandsons, Charles W. Stevenson, Harry E. Stevenson and Lewis C. Stevenson, \$500 each, and his wife, Ellen M. Stevenson, gets the residue. She is appointed executrix, without bonds. The document is dated October 28, 1885.

Mrs. Stevenson files the following inventory of his belongings: Ranch near Reno, \$3,000; Rock Point mill, \$10,000; 131 acres of land in San Diego county, Cal., and house and lot in Murieta, Cal., \$3,000; Douglas mill, Gold Hill, \$1,000; mortgage on real estate in Michigan, \$6,000; house and lot in Gold Hill, \$200; live stock, \$300; homestead in Carson, \$5,000; life insurance, \$600. He had in addition to the above a \$6,000 policy on his life in favor of his wife.

To the Young Republicans of Washoe County.

Notice is hereby given that there will be a meeting of the young Republicans at the Justice Court-room this evening at 7 o'clock for the purpose of organizing a young Men's Republican Club for the present campaign. Forfeited Their Bail.

By Cable and Associated Press.

DUBLIN, Oct. 10.—The case against O'Brien and Dillon, charged with inciting tenants not to pay their rents, was again called at Tipperary this morning. Neither of the defendants were present.

Both are members of a committee appointed at the convention of Irish Nationalists in Dublin to visit America for the purpose of soliciting aid for the Nationalist cause. The rumor is current that they forfeited their bail of \$1,000 each in the conspiracy case, and that they sailed yesterday from Queenstown for the United States.

Much excitement prevailed in Tipperary when it became known that O'Brien and Dillon had abandoned their defense and left the place. The confirmation of the rumor that they have left the country is received.

The information thus far received shows that they did not leave by the ordinary channels of passage. Their bail will be paid by the National League.

At the request of the counsel for the Crown, the court certificates of their non-appearance was attached to the bail bonds of Dillon and O'Brien, and an adjournment was then taken to enable the Crown to consider what steps to be taken. Warrants have been issued for the arrest of the missing Nationalists.

Three Years of Committee Work.

By Associated Press.

MINNEAPOLIS, Oct. 10.—The American Board of Commissioners for Foreign Missions, this morning listened to the report of a committee which had been at work three years trying to get at the opinion of Congregational Churches at large as to whether a change in the form of the Board's organization, so as to make it more democratic and representative, is advisable. The committee, while it admitted that its efforts in this direction were somewhat unsatisfactory, recommends that no change be made.

The Powder Victims.

By Associated Press.

WILMINGTON (Del.), Oct. 10.—Fragments of the victim of the powder explosion were picked up miles away.

TELEGRAPHIC BREVITIES.

By Associated Press.

NEW YORK, Oct. 9.—Senator Stanford arrived from Europe yesterday. He has entirely recovered from his attack of vertigo and looks the picture of good health. While he still feels a slight stiffness and rheumatic pain in his ankle joints, he is able to walk a considerable distance. He said: "I am inclined to view the new tariff with favor. I had some doubts about the increased duty on sugar, yet, with the aid of the bounty, I believe we shall be able to produce all the sugar we want and more. Nowhere in Europe have I heard any opposition expressed to the new tariff, except in France. The expression most prevalent among the French people is that the new tariff has been instituted in revenge for the exclusion from France of American hogs. I have heard a good deal about Collis P. Huntington and his intention to fight the question of Senatorship with me in the fall, but I have paid no attention to any business matters. I have had a complete mental rest and freedom from all worry. I was careful to avoid all such questions, and I would prefer to say nothing on this subject just now."

The Presidential Party.

By Associated Press.

ATCHISON (Kan.), Oct. 10.—The President arose early this morning, and when St. Joseph was approached he and his party had only time to hastily take a cup of coffee before entering the city at the Union Depot.

An immense crowd had assembled, and conspicuous in the assemblage was Custer Post of the Grand Army of the Republic, which, drawn up in line, made a passage for the Presidential party, and acted as their escort until a neighboring hotel was reached, where a public reception was held. As the President and Secretary Tracy appeared on the balcony of the hotel, Colonel A. C. Dawes, General Passenger Agent of the Hannibal & St. Joe Railroad, introduced them in a short speech, which was received with cheers by the crowd.

The President thanked the crowd for its cordial welcome, and spoke at length upon pioneer times.

Hold for Trial.

By Cable and Associated Press.

LONDON, Oct. 10.—The case of Frank Slavin and Joe McAuliffe, the pugilists, charged with taking part in the recent fight at the Ormonde Club, came up in the Lambeth Police Court to-day. The Court committed them for trial for engaging in a common prize fight.

5 O'CLOCK EDITION.

A very heavy sleet storm prevails in the neighborhood of Sherman, Neb. The wires are all prostrated, and there is very little hope of recovering them to-day. Hence our short telegraphic report.

Out of Politics.

In view of recent events the following from the Salt Lake Tribune seems to hit the nail about right:

Mr. Huntington says that he is determined to run the Southern Pacific railroad business on business principles, and to keep it out of politics. We presume that is true in one sense; we presume it is entirely untrue in another sense. If Mr. Huntington wants some man elected and wants some other man defeated, the friends of the man he wants elected will have passes; the friends of the other man will not. If money is needed anywhere, it will be raised on Mr. Huntington's private cheque, not on a cheque against the company. The truth is, as big a corporation as the Southern Pacific and the Central Pacific railways, with its past record, cannot, if it would, keep out of politics, either directly or indirectly. The theory of the company always has been that certain high officers of the State of California must, if possible, be in sympathy with the interests of the company; and hence it would be easy for man with a conscience like that of Mr. Huntington to reason to himself that to elect a certain man would not be getting the railroad into politics; it would simply be taking care of the road's financial interests. Then, when men get ten to fifty millions of dollars they come to speak in vague terms, and there can be as many interpretations to their words as there can be generally to a Mormon revelation.

A WORD with the taxpayers in regard to the candidacy of W. H. Caughlin for Sheriff. He is an old resident of the county, a working man, strictly honest, and with education enough to conduct the affairs of the Sheriff's office without calling upon a deputy. Mr. Flint has had the office for two terms, and during his four years' incumbency he has not made half a dozen arrests. In fact, he has not done anything that Billy Caughlin can do not better, and it should be the ambition of every Republican to use his influence for W. H. Caughlin, for he is temperate, square as a die on every business proposition, and in every way worthy the confidence of his fellow men.

The Truckee river is booming and has been booming all through the year, yet the Reno Reduction Works have not been rebuilt, and there is no talk of building woolen mills and factories, as there is when the river runs dry.—Virginia Chronicle.

True, but what is the use of talking about rebuilding the Reduction Works when the Board of Commissioners for the Care of the Insane are spending the State's money in trying to crush it out? The Reduction Works would have been up and running, giving employment to fifty or a hundred men to-day, had it not been for the determined and persistent efforts of the Asylum Commissioners to take what did not belong to them.

The Carson Tribune and Appeal are just now engaged in the unprofitable discussion of who is the most popular man, the editor of the Appeal or the publisher of the Tribune. The Tribune figures it out that Sam Davis received only 109 votes for Assemblyman two years ago, while this year E. J. Parkinson received 220. Quit your nonsense, boys, and go to work for the ticket. What difference does it make which one of you is the most popular?

We are in receipt of a very ragged piece of job work in the shape of a circular containing the Democratic State ticket and that party's platform. The work compares favorably with the platform, however, for the ragged document would look out of place printed in any other way. The circular looks as if it had been struck by a Kansas cyclone, and is only the forerunner of what the Democratic party will look like after the election.

A long time ago, before the railroad went out of politics, the people had independence and snap enough to stand them off, but now most any kind of a job can be put up and successfully carried out, no matter how expensive the luxury is to the taxpayers.

MISCELLANEOUS.

Steady Progress

Has characterized Hood's Sarsaparilla ever since it was placed before the public. Whenever introduced, its sales have grown from year to year, until now it is the most popular and most successful medicine offered. Any druggist will confirm this statement. The secret of this success lies in the fact that Hood's Sarsaparilla is a medicine of merit. It does actually accomplish all that is claimed for it, and when given a fair trial, is reasonably certain to be of benefit.

Positive Statements.

"Since Hood's Sarsaparilla has been in my hands for sale I have had frequent and unrevised testimonials in its favor. Although carrying this preparation for less than one year, my sales have been greater than any similar preparation, and the testimonials in its favor are at once positive and personally noticeable." A. Walker, Healdsburg, Calif.

Sells On Its Merits.

"My boys say, 'Papa, why don't you buy more of Hood's Sarsaparilla at a time; we are always short.' It sells on its own merits." F. Neal, Portland, Oregon; the oldest druggist in Oregon.

JOTTINGS.

Call for Sierra beer, the best at H. J. Thyes.

Ask for Schmidt & Co's. sarsaparilla and iron water and orange juice the only genuine at H. J. Thyes'.

This cool frosty weather should remind you to at once secure a quantity of J. F. Aitken's dry firewood or hard coal.

The reason Richard Herz is never heard to complain of dull times is that people are pleased with his stock and prices.

C. J. Brookins' variety store is where you will find the most complete stock of pens and pencil tablets ever seen in the town.

No matter how early or late any of the passenger trains arrive here, that Riverside Hotel bus never fails to meet them all.

J. Becker's large patronage enables him to supply his customers with a schooner of beer and a nicely cooked hot lunch for 12¢ cents.

Being a candidate for no office C. Lemery of the Arcade Restaurant is able to closely attend to the wants of all who favor him with their patronage.

For the best brands of tobacco, cigars and cigarettes, patronize C. A. Thurston's news depot, where also are to be had both cigarette and cigar holders.

The weather nor politics interfere with the business of E. C. Leadbetter. He always keeps a good article and treats his patrons with fairness and as a consequence always has a fair run of business.

To Dispel Colds.

Headaches and fevers, to cleanse the system effectually, but gently, when costive or bilious, or when the blood is impure or sluggish to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

A Ripe Old Age.

S. H. Holcomb and wife, of Belcher-ville, Texas, have celebrated their fifty-fifth wedding anniversary and are still haloed and hearty. The secret of their long life and good health is that they correct any slight ailment promptly, and in that way avoid serious sickness. Like most every one else, they are more frequently troubled with constipation than any other physical disorder. To correct this they take St. Patrick's pills in preference of any other, because, as Mr. Holcomb says, "They are a mild pill and, besides, keep the whole system in good order. We prize them very highly." For sale by Shoemaker & Co., druggists.

A Scarf of Paper Saves Her Life.
It was just an ordinary scarf of paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For further particulars send stamp to W. H. Cole, druggist, Po. Smith. Trial bottles of this wonderful discovery free at W. Finninger's drug store.

Eupoepe.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet may be had by all. We guarantee the Electric Bitters, if used according to directions and the use persisted in will bring you good digestion, and stout physique, and instead keep the whole system in good order. We prize them very highly." For sale by Shoemaker & Co., druggists.

Elko County Nominations.

The Republicans of Elko County have made the following nominations:

Senator, D. B. Williams; Assem-

NEWLANDS' BOOK.

Suggestions as to a General Plan

For the Irrigation and Reclamation of the Arid Lands of Nevada.

(Continued from yesterday's edition.)

section of the enterprise for a long time.

Spanish Springs and Prosser valleys lie lower and further away, but can be much more easily reached. At least 15,000 acres of very fruitful land could be here made available by a canal about twenty-five miles long, and the same canal extended ten miles would cross a divide and drop into Warm Spring valley, where 25,000 acres of the richest land in the country would be commanded by it. In order to have a starting point for this north side enterprise, I bought 7,000 acres of the best of these lands in Warm Spring valley, and hold it subject to any policy which the public may desire to adopt. It should be used in encouraging a canal enterprise, as it will sell for a materially advanced price, thus reducing the original outlay for bringing water to the valley.

Going further down the valley of the main Truckee we find on the bench east of Wadsworth a fine body of land, to which water could be carried in a canal twenty miles long at a cost of about \$100,000. The soil is a warm sandy loam, and the climate much milder than that higher up the river. Fruits, berries, grasses and grains will thrive at this place.

Other good lands could be found along the Truckee, and especially on the Pyramid Lake Indian Reservation, near the mouth of the river, where a large body of land is now cultivated by members of the Piute tribe of Indians in their crude and primitive way.

(To be Continued.)

A VOICE FROM WADSWORTH.

Will the Democratic Convention Endorse Wm. Pierson for Commissioner?

WADSWORTH, Oct. 9, 1890.

EDITOR GAZETTE: The people of Wadsworth have learned by past bitter and costly experience that it is necessary to have a County Commissioner from here in order to get anything like justice in such of our local affairs as come within the line of duty of the county fathers. Our county bridge across the Truckee river at this point is like a cow with two strong freshets, to find a resting place in the briny waters of Pyramid Lake, where County Commissioners are not known and the prayers of the people availed not.

Any man that wishes to can come along and fence in a public highway, a county road, that has been open to expression to the main canyon, peculiarly well situated for the storage of water. Here a dam across the mouth fifty feet high would form a reservoir covering about 500 acres to an average depth of about forty feet. Into this reservoir water would have to be led by a canal from the Little Truckee river. The bottom of this basin is perfectly level. George Schüssler, an engineer of the Spring Valley Water Works, who examined the site, says:

"It will make a reservoir which, on account of its dimensions, can very seldom be formed in river canyons. From this reservoir over 20,000,000 feet of water might be drawn, and its capitalized cost would be but little about four dollars the acre-foot."

There are mutterings manifold, for we must have a County Commissioner from Wadsworth. We are unanimous in the expression of a simple want—that of a representative on the Board.

Our county fathers draw their salaries with the regularity with which I take my glass of "port wine" in the morning, and go around the country just prior to the campaign to see what has been needed for the past years, and to smooth over the simple villagers' wrath by the use of oily words and less oily whisky.

There are mutterings manifold, for we must have a County Commissioner from Wadsworth. We are unanimous in the expression of a simple want—that of a representative on the Board.

Regardless of political faith, we centered upon one we have known as a resident of this county for twenty-five years, a man in whom we have unbounded faith as possessing every qualification for the office which we have asked him to accept, and we all wish him to have, because we are certain he will fill it acceptably to the entire people, economically, yet wisely and well, impartially and with simple justice to all.

I am a Democrat, always have been one, and expect to die one; yet with all my heart I believe that in the coming struggle, if such it be, at the Democratic County Convention, to assemble in Reno on the 11th inst., I shall voice the sentiment of the people I represent, in an endeavor to have the convention endorse Wm. Pierson of Wadsworth, our short term Commissioner—honored, respected and esteemed by all who know him; he is the man.

Another valuable reservoir site exists in the main canyon of the Little Truckee, about five miles below Webber lake, where a dam seventy feet high to cost something over \$75,000, would back the water up for three miles. The only outlet on this place has been made by Moses Mayberry Wheeler, Gould, Evans and others of Reno, who have for \$4,000 purchased 320 acres covering the dam site and part of the reservoir.

Finally, within this water shed, Sardine valley in itself constitutes a remarkably good site for water storage, but a supply it would have to be conducted from the Little Truckee river through a canal that would materially add to the cost of the enterprise as a whole. Nevertheless, it is well worthy of consideration, and so we have the dam site and the man.

Wadsworth will have but this one claim before the coming convention, and it would be a most graceful act for the delegates to give us this endorsement unanimously, and I sincerely trust that they will so see it.

ANDY RUSSEL.

In the case of some other reservoir sites, mentioned as existing on the headwaters of the Truckee, it is perhaps unfortunate the case that these are owned by dairymen and others, so that when the cost of the lands necessary to be purchased is added to the cost of suitable dams, it brings the expense of storing water in them to proportionately high figures. Several of these have been examined, and so far as these have been examined, surveyed and estimated upon, but no further steps taken.

WALKER RIVER RESERVOIR AND IRRIGATION.

On Walker river we find several excellent storage sites, second only to those of the Truckee, and combined with this advantage the Walker has low banks, like the Carson, so that diversion and delivery by means of canals may be accomplished at minimum expense. The great size of Walker lake, which is the sink of Walker river, demonstrates its great value of irrigation. The problem is how to transfer Walker lake to the summits of the mountains, or rather how to retain in storage reservoirs the waters which otherwise would flow into it.

Do not venture to add to the length of this paper by presenting any definite data of water storage in this basin, but I am positive that the waters of the Walker may be so saved and distributed as to add many thousands of acres to tillage in its basin, and support a thrifty population as any part of our State.

HOW THE WATERS OF THE TRUCKEE MAY BE UTILIZED.

And now having reviewed the possibilities of water storage in the basin of the Truckee, let us glance for a moment at the uses to which that water may be put. In addition to securing from drought the 25,000 acres of land already under cultivation, principally in Reno valley, these waters could be conducted to at least 2,000 acres of land under the Steamboat ditch, as yet unirrigated, and to 20,000 acres of land in Lemmon's valley (Irrigable Desert No. 1, Truckee river map), by a canal forty miles long, made necessary by its considerable altitude above the river. These lands are near to our growing city of Reno, which with their more than average good quality would give them exceptional value, but the cost of the canal is so great as to retard the pros-

pect of the enterprise for a long time.

Spanish Springs and Prosser valleys lie lower and further away, but can be much more easily reached. At least 15,000 acres of very fruitful land could be here made available by a canal about twenty-five miles long, and the same canal extended ten miles would cross a divide and drop into Warm Spring valley, where 25,000 acres of the richest land in the country would be commanded by it.

In order to have a starting point for this north side enterprise, I bought 7,000 acres of the best of these lands in Warm Spring valley, and hold it subject to any policy which the public may desire to adopt. It should be used in encouraging a canal enterprise, as it will sell for a materially advanced price, thus reducing the original outlay for bringing water to the valley.

Going further down the valley of the main Truckee we find on the bench east of Wadsworth a fine body of land, to which water could be carried in a canal twenty miles long at a cost of about \$100,000. The soil is a warm sandy loam, and the climate much milder than that higher up the river. Fruits, berries, grasses and grains will thrive at this place.

Other good lands could be found along the Truckee, and especially on the Pyramid Lake Indian Reservation, near the mouth of the river, where a large body of land is now cultivated by members of the Piute tribe of Indians in their crude and primitive way.

L. A. BLAKESLEY
Of Humboldt.

PLATFORM & RESOLUTIONS

Adopted by the Republican State Convention held at Virginia, Nevada, September 4, 1890:

The record of the Republican party is a bold platform.

No political party in human history has so abundantly justified its position as the Republicans. No one so wedded the administration of authority to the needs of business, none so managed the affairs of State, so well deserved the confidence and settlement of a continent. None has so elevated a nation and so contributed to the comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to the welfare of the people, it has been from its birth, the representative of all that is best and noblest in its own country and the hope and promise of a better future for the human race.

It battles for human rights, its preservation of the Union, its maintenance of the public labor, its elevation of manufacturers, its upholding of the national credit, its efforts in behalf of honest financial methods, its honest and systematic opposition to popular corruption, and has made for it the greatest record of any political organization this or any other country ever had.

The deeds of its heroes are legion, and the deeds of Fremont, Lincoln, Grant,

POLITICAL.

and Garfield will shine like electric lights on the pages of history.

The Republicans of Nevada, in convention assembled, heartily endorse the made of the fifty states, and make no apology for their advances in correct and needed legislation than any since the war.

The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking up the work of government, has gone away with the genius of Reed, McKinley and their associates, and the official talents of most congressmen are at the service of the people for making good laws and no bad policies.

It has, by a strict party vote, placed the silver question on the table which will lead naturally to free coinage and disarm all opposition among financiers.

It has taken up the work of a redistribution of the tariff in a patriotic and business-like way, such as will protect the interests of labor and at the same time encourage capital and enterprise that will furnish it with employment at good wages.

New States, which were denied their rights before, have been admitted to the Union, and the grip of Tammany Hall upon the Presidency broken.

Trusts that grew rank under Cleveland's administration have been broken up and made to obey the laws of honest commerce.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A navy has been provided for an sufficient pensions granted to prevent suffering among the sick and wounded heroes of the war.

Provision is being made for the reclamation of the arid regions, where the Republican policy of free homes and free schools can be extended.

Unearned land grants are being restored to the people, so that they may throw open to settlement, and in all things the pledges of the National platform are being amply redeemed.

We endorse the Administration of President Harrison, and commend his conservative course as striking in contrast with his predecessor in office.

During the former Administration silver and wheat touched the lowest price in history, and the cost of living was destroying our prosperity, they are culpable for the results of blunders as they would be for crimes. Under Harrison, Chinese and Indian laborers, and other foreign countries, American laborers and mechanics protected, agriculture is encouraged by a department intelligent and ministered in a wise, firm and patriotic manner. In presenting the ticket to the voters of Nevada, the Republican party pledges its support to retrogression wherever it is possible in county and State expenditures.

To-day silver, wheat, lead, and all the products of labor are rapidly rising, and while the Democratic officials may perhaps be more interested in destroying our prosperity, they are culpable for the results of blunders as they would be for crimes.

Under Harrison, Chinese and Indian laborers, and other foreign countries, American laborers and mechanics protected, agriculture is encouraged by a department intelligent and ministered in a wise, firm and patriotic manner. In presenting the ticket to the voters of Nevada, the Republican party pledges its support to retrogression wherever it is possible in county and State expenditures.

We pledge our nominees to a system of State improvements which shall save the water now running to waste, and devise means to secure its use in the irrigation of the fertile lands now lying idle.

We endorse the measure introduced by Senator Stewart, proposed to collect the land taxes from the people for the purpose of aiding to improve our water storage and irrigating systems, and we appeal to Congress and the President to grant this much-needed aid.

We endorse the course of our Senators and Representatives in Congress, and commend their efforts to establish a sound basis the use of silver as money, and we reaffirm our uncompromising demand for the free coinage of both gold and silver at their equal station in our national currency.

Resolved, That our delegation in Congress be requested to procure, if possible, the enactment of a law to prevent such abuses in the future.

We are in favor of the improvement of the legal American code by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of naval and coast defenses, the fostering of free schools and libraries, the enforcement of a free ballot and a fair count, cherishing the defenders of our country, the protection of every citizen in his right of habeas corpus, the maintenance of a policy that will extend our commerce, the settling of all foreign complications by arbitration, and liberal appropriations by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, That we are in favor of the American system of ballot.

Resolved, That at the coming election the question as to whether or not a Constitutional Convention will be held is to be settled by the people, who will earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, That it is the policy of the Republican party of Nevada to secure all safe and peaceful conditions in public affairs, and especially in disputes with unnecessary officers and useless deputies in adjusting salaries upon a basis of services performed, increasing the pay scale and reducing the number of members of the Legislature, in the reduction of taxation and in the making of county and state boundaries convenient to the people to this end we pledge the nominees of this convention, and earnestly ask that the nominees of the several county conventions be likewise obligated.

Resolved, That it is the policy of the Republican party of Nevada to secure all safe and peaceful conditions in public affairs, and especially in disputes with unnecessary officers and useless deputies in adjusting salaries upon a basis of services performed, increasing the pay scale and reducing the number of members of the Legislature, in the reduction of taxation and in the making of county and state boundaries convenient to the people to this end we pledge the nominees of this convention, and earnestly ask that the nominees of the several county conventions be likewise obligated.
